Your guide to success

Essential Academic Skills is a comprehensive guide to the academic skills required for the successful completion of a university degree. The book uses a step-by-step approach to introduce students to key skills, and uses activities to reinforce each stage of the learning process. Naturally sensitive material addresses the needs of both Australian students and students from overseas.

Essential Academic Skills

Provides complete coverage of the key academic skills of listening, participating, reading, writing, speaking, working in groups, researching, learning and sitting for exams.

Builds a sophisticated understanding of academic skills through a gradual approach.

Includes descriptions of how to tackle a range of assessment tasks.

Contains activities for each skill.

Encourages students to engage deeply in learning.

Table of Contents

1. Thinking about Learning
2. Listening and Participating
3. Reading for Academic Purposes
4. Basic Academic Writing Skills
5. Further Academic Skills: Working on an Assignment
6. Essays and Reflective Writing
7. Doing Case Studies and Writing Reports
8. Collaborative Learning: Working in Groups
9. Presentations
10. Examinations
11. Doing Small-scale Exploratory Research Projects
12. Writing Up Projects

---

Kathy Turner is a lecturer at Queensland Institute of Business and Technology, where she teaches academic skills courses to both undergraduate and postgraduate students.

Lynette Ireland teaches academic skills and critical literacy at James Cook University.

Brenda Krenus is a Director of the Graduate Program in English as an International Language, Faculty of Education, University of Melbourne.

Leigh Pointon is a Deputy Academic Director at the Queensland Institute of Business and Technology.
