## CHAPTER 3

Appendix 3.1 A summary of genomic investigations of the Afrotheria pertinent to the Sirenia.

Appendix 3.2 Summaries of representative fossil species of sirenians, their temporal presence in the fossil record, geographical distributions and descriptive aspects of their morphology, ecology and relationships.

Appendix Table 3.2.1 Representative fossil taxa in the sirenian families Prorastomidae and Protosirenidae.

Appendix Table 3.2.2 Representative fossil taxa of the subfamily Halitheriinae in the family Dugongidae.

Appendix Table 3.2.3 Representative fossil and Recent taxa in the subfamilies Dugonginae and Hydrodamalinae in the family Dugongidae.

Appendix Table 3.2.4 Representative fossil and Recent taxa in the sirenian family Trichechidae.

## CHAPTER 4

Appendix 4.1 A series of tables listing the foods eaten by the dugong, the Amazonian manatee, the West Indian manatee and the West African manatee.

Appendix Table 4.1 Plants and animals eaten by the dugong.

Appendix Table 4.2 Genera of freshwater food plants eaten by the Amazonian manatee.

Appendix Table 4.3 Plants and animals eaten by the West Indian manatee.

Appendix Table 4.4 Plants and animals eaten by the West African manatee.

## CHAPTER 6

Appendix 6.1 Reproductive anatomy

Appendix 6.2 History of manatee population modelling

## CHAPTER 7

Appendix 7.1 Helminth parasites of sirenians

Appendix Table 7.1 Helminth parasites of sirenians, after Beck and Forrester (1988), with updates.

 water temperature  
 cold stress 288–294, 298, 431

- global climate change effects 313–314, 316–317  
 habitat use and 196–200  
 movement patterns and 161, 166, 196–200  
 warm-water refugia 161 *See* warm-water refugia  
 water, food content 110  
 West African manatee (*Trichechus senegalensis*)  
 commercial exploitation and value 270–271, 274, 275  
 conservation actions 391–392, 411  
 conservation delivery capacity 399  
 conservation status assessment 387–392  
 diet 85, 100–102, 140–141  
 estimated capacity of range states 395  
 evolution of 60, 61  
 food acquisition 113, 116  
 global climate change threat 311–312  
 habitat use and components 192–193, 202  
 hunting 264, 265, 268, 269, 272  
 incidental capture 276, 278, 390  
 morphological adaptations for feeding 9–10  
 parasites 61–62  
 physical appearance differences from other sirenians 5–7  
 population size and trends 390  
 population study challenges 331  
 pregnancy and birth 231–232  
 reproductive activity timing 240–241  
 rostral deflection 113  
 species range 8, 9, 371, 388–390  
 threats' summary 390–392  
 West Indian manatee (*Trichechus manatus*) *See also* Antillean manatee (*Trichechus manatus manatus*); Florida manatee (*Trichechus manatus latirostris*)  
 boat traffic effects 287  
 conservation status assessment 376–387  
 diet 85, 94–100, 140–141  
 digestion studies 128  
 estimated capacity of range states 395  
 evolution of 60–66  
 feeding behaviour 112–113  
 food acquisition 113–115, 116  
 food consumption estimate 129  
 freshwater needs 195–196  
 global climate change threat 311–312  
 habitat use and habitat components 192–192, 195–196, 202  
 illegal hunting 268–69  
 mastication 119–120  
 morphological adaptations for feeding 9–10  
 physical appearance differences from other sirenians 5–7  
 range states 371  
 rostral deflection 113–114  
 species range 8  
 terminology 12  
 Western Pacific islands, dugong conservation status 368–370  
*Xenosiren yucateca* 56, 71  
 Yangtze River dolphin 34  
*Zostera* 87, 90  
*Z. capricorni* 90 *See* *Zostera capricorni*  
*Z. marina* 115, 128, 129  
*Zostera capricorni*  
 acquisition of 111  
 dugong's diet 88, 90, 91, 132, 133, 191  
 feeding effects on 134, 138  
 food quality 108, 110, 111
