The day before Today

is fading away

wandering

the streets of

my city

I can see Today's Special:

Conformity rocks.

sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness
sameness sameness sameness sameness

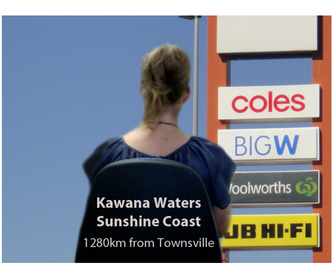
is
so comforting;

This is what I see today.

TODAY
looks
like tomorrow;


my city is here and
everywhere else.
