Advanced Cost Accounting
This book is dedicated

TO OUR PARENTS

Authors
Preface

We are happy to bring out the first edition of this book on ‘Advanced Cost Accounting’ as needed for the UG and PG level students. All the chapters of this book have been thoroughly packed with advanced problems and up-to-date theory. The book has been divided into five chapters to fully cover the syllabus of B.Com, B.Com (CA), B. Com (FA), BBA, BBA (CA), M.Com, M.Com (CA) students. This book presents the subject in a simple, clear and systematic manner. The book meets all requirements of Periyar, Thiruvalluvar, Madras and various other Indian Universities’ syllabi. Several new problems have been taken from the latest examination questions and incorporated as illustrations or practical problems in the chapters. Short answer and long answer type of questions have also been added.

We are thankful to the professors of Periyar University for their input and Vikas Publishing House for the untiring efforts to publish the book in time with a new style and attractive format for the students. We are deeply indebted to all our students and friends who have helped us to bring out this book.

Further suggestions for improvements are welcome from professors as well as students.

Preface vii

CHAPTER 1  Introduction of Cost Accounting 1

Introduction
Cost Accounting
Objectives of Cost Accounting
Advantages of cost accounting
Distinction between Financial Accounting and Cost Accounting
Distinction between Cost Accounting and Management Accounting
Functions of Cost Accounting
Methods of Costing
Types of Costing
Elements of Cost
Classification of Costs
Cost Sheet
Specimen of Simple Cost Sheet (or) Statement of Cost
Illustrations

Theory Questions 50
Exercises 52

CHAPTER 2  Materials 59

Material Control
Introduction
Essentials and Objectives of Material Control
Advantages of Material Control
Techniques of Inventory Material Control
Determination of Various Levels of Materials
Economic order Quantity (EOQ)
Need for Economic Order Quantity (EOQ)
ABC Analysis
Advantages of ABC Analysis
Purchase Control
A Specimen Purchase Requisition Form
The Purchase Order Form (POF)
A Specimen Purchase Order Form
The Goods Receiving Department
A Specimen Goods Received Note
The Accounts Department
Contents

Materials planning and control 70
Documents for Material Planning and Control 70
Material Requisition 71
Materials Return Note (MRN) 71
Bin Card (BC) 72
A Specimen Bin Card 72
Advantages and disadvantages of using Bin cards 72
Stores Ledger Card (SLC) 73
Differences between Bin Card and Store Ledger 73
Methods of Pricing Material Issues 73
Illustrations 78

Theory Questions 134
Exercises 135

CHAPTER 3  Labour

Labour Cost 147
Types of Labour 147
Important Factors for Controlling Labour Cost 148
Labour turnover 148
Methods of Labour Turnover 148
Causes of Labour Turnover 149
Department of Engineering and Work Study 150
Work Measurement 150
Purpose of Work Measurement 151
Uses of Work Measurement 151
Techniques of work measurement 151
Job Analysis 154
Key Factors in Job Analysis 154
Advantages of Job Analysis 155
Disadvantages of Job Analysis 156
Methods of Time Keeping 157
Idle Time 158
Types of idle Time 158
Wage payment 159
Advantages of time wage system 159
Advantages of piece wage system 160
Disadvantages of piece wage system 161
Remuneration And Incentives 161
Methods of Remuneration 162
Advantages of Piece Rate System 165
Disadvantages of Piece Rate System 166
Incentive Plans (Bonus or Premium Schemes) 167
Types of Incentives 169
Illustrations 170
## CHAPTER 4 Overheads
