SINGER WITH A SONG

The Twin Cities of Thuringowa and Townsville located in Tropical North Queensland have a noteworthy history of supporting Jazz musicians, and sustaining a diverse range of bands, clubs and organisations, as well as Jazz focused festivals and community events. Examples of this include; The Pacific Mainstream Jazz Band which has been performing for local audiences for over 32 years, The Palmer Street Jazz Festival and The Great Tropical Jazz Party are annual events that attract lovers of Swing from around the world. Youth initiatives like Junior Jazz nurture school age musicians, regional Jazz radio station 4TTT, the North Queensland Jazz Club, and The Stokes-Nicholson Big Band reflect the community's commitment and participation. This cd is a tribute to and acknowledgment of the talented players in this region. I apologize to the many outstanding local Jazz musicians who are not on the recording, and thank everyone who supported this project.
