482 Finders Street West, Townsville

The Australian Festival of Chamber Music continues its interest in the Great Barrier Reef, North Queensland.

In 2008, the Festival will work together with Umbrella Studio to present an exhibition Opening dedicated to the reef and featuring the beautiful sounds of chamber music.

Be mesmerized by the electric colours and exquisite sights of Queensland's Great Barrier Reef in an exhibition of underwater photography by David Wachterfeld.

Reefs are places of vibrant colour, intricate patterns and strange shapes. This exhibition distils that overwhelming visual kaleidoscope into images of pure and simple beauty and shows you parts of the Reef you have never seen before – the hidden reef.

The Opening will include performances by some of Townsville's finest musicians.

The exhibition extends through to Friday 11th July, 2008.

Umbrella Studio's opening hours are:

- » 9am – 5pm Monday to Friday
- » 9am – 1pm Sundays
